Shimoga District Tour Notes

1) A complaint was made when I visited Bhadravati that, on account of the proximity of wet lands to the old town it was becoming increasingly unhealthy It was requested that these wet lands might be acquired by Government in the first instance, and the amount recouped later from the Municipal Council when their funds permitted I suggested that if any amount remained over out of the Malnad Improvement Grant of Rs 10,000 allotted to Bhadravati after acquiring the houses on both sides of the river it might be utilised for the acquisition of wet lands a beginning being made with the lands nearest the town The question of prohibiting A) wet cultivation on these lands may also be considered

Subject - Proposal of the Bhadravati Minor Municipal Council for sanction of an advance of Rs 10,000/- from Government - to enable the Municipality to acquire certain lands for preventing irrigation in the vicinity of Bhadravati Old Town

—

In forwarding herewith the file of correspondence received from the Revenue Sub Division Officer, Bhadravati (Vide his memo Acqn 7/41-42 dated 4th September 1942) on the above subject, I have the honour to state as follows -

2 A sum of Rs 10,000/- was sanctioned by Government from out of the special grant of two lakhs of Rupees announced by His Highness, for the purpose of improving the River Bank at Bhadravati As per subsequent instructions of the Dewan, the road work proposed to be taken up was dropped, and the work of acquisition of ugly structures on both the banks of the river is taken up The sum of Rs 10,000/- sanctioned for the above said work was drawn and placed at the disposal of the Land Acquisition Officer, Bhadravati in August 1942

3 Acquisition Proceedings are being taken in this respect and they are in various stages of progress Acquisition of properties worth Rs 2820/- has already been sanctioned by Government Vide G O No L 1019-14/M1 17-41-12 dated 14th May 1942 Preliminary notifications for acquisition of properties estimated at Rs 4,630/- have been published vide G O No L 11313/L1 17-41-20 dated 28-5-42 and the matter is pending with the Sub Division Officer, Bhadravati for hearing objections

4 During the visit of the Dewan to Bhadravati Town, in February 1942, it was represented that wet lands in the middle of the town might be acquired, in view of the fact that Bhadravati Old Town was becoming increasingly unhealthy due to proximity of wet lands to the town In pursuance of instructions conveyed by you, (vide your letter No L 8743/11 125-41-35 dated 20th March 42) to effect that if any amount remains over, in the sanctioned allotment of Rs 10,000/- (for acquisition of ugly structures on both the banks of the river) it might be usefully utilised for the acquisition of wet lands, a beginning being made with those nearest the town It was further suggested by you, that the question of prohibiting wet cultivation on the lands within the vicinity of Bhadravati town might be considered The Municipal Council - accordingly got detailed proposals required in this connection, from the Revenue Sub Division Officer, Bhadravati and considered the question at the Municipal meeting held on 15-7-1942, when a resolution was passed to the effect that certain survey numbers (Vide details furnished in the enclosed notification) be acquired in order to prevent wet cultivation within the limits of the town, and that the land may be converted into building sites

5 The cost of acquisition and alienation of a total extent of 23 acres and 11 guntas is estimated at Rs 10,000/- roughly In order to provide funds for the same, the Municipal Council have resolved (At their meeting held on 15-7-42) that Government be requested to sanction an advance of Rs 10,000/- to the Municipality and also to waive the conversion fine in respect of lands required for public purposes As regards the question of the repayment of the advance amount to be sanctioned, the Municipal Council propose to repay the same within a period of five years, from the amount to be realised by sale of sites A copy of the resolution of the Municipal Council is enclosed in the file for favour of reference

6 The Sub Division Officer, Bhadravati states, vide his letter No Acquisition 7/41-42 dated 6th April 1942, that the cost of acquisition of wet and dry lands might be fixed at Rs 150/- to Rs 200/- per acre (in respect of wet lands) and Rs 75/- per acre in respect of dry lands He has estimated that the approximate cost of acquisition of 23 acres and 11 guntas would work to Rs 7,569-4-0 or Rs 7570/- in round figures, and requests that sanction of Government might be obtained to the resolution of the Municipal Council, referred to above vide para 4 supra

7 I have looked into the position I am of opinion that it is necessary to prevent irrigation in the vicinity of Bhadravati Old Town, in view of the fact that the old town is becoming increasingly unhealthy due to proximity of wet lands in the Town

8 As regards the financial condition of the Municipality, I may state that according to the sanctioned budget Estimates of the Municipality for the current year, the Receipt and expenditure is expected to be Rs 31,115/- and Rs 32,127/- respectively, with a closing balance of Rs 2,210/- The Municipal Council has an investment of Rs 2149/- (held in Savings Bank deposits) At present the Municipal Council has taken a loan of Rs 25,000/- from Government towards the improvement of the Water Supply of the town, the loan amount being repayable with interest at 4½%, the entire amount being repaid in ten equal instalments The repayment of the 1st instalment of loan will commence from the current year

9 As to the ability of the Municipality to repay the advance of Rs 10,000/- (now prayed for), I write to state that the Bhadravati Municipal Council can repay the advance amount in five instalments by ear marking the anticipated realisations from the sale of the sites, after formation of proper extension on the several survey numbers now proposed to be acquired to prevent wet cultivation I amy also add that the sites to be formed out of the land to be acquired when sold, are expected to yield much more than

what

what is spent on their acquisition

10 In these circumstances, I request that sanction of Government may kindly be obtained for sanction of an advance of Rs 10,000/- to the Bhadravati Municipality
